

April 2017

Hello PHS1955 Classmates,

Just a note to inform our classmates that the PHS Class of 1955 has generously donated the remainder of the money left in our account. This account was originally created by Gene Lucas. After some discussion at our class meetings, by members, it was decided to give the money to PHS in some way. A small group which included John Wood, Don Payton and Patti Newsome made contact with the PHS principal, Amy Hughes and enquired what and where she thought the money was most needed.

She gave excellent ideas being: Wood Shop, Art, and Music along with an idea of a project that she believes in and could use some help with. This is an award going to those students who try hard to achieve and do better. Our classmates bought up the Print Shop, because they had always been so helpful to us, however Ms. Hughes felt that the Print Shop was not in any financial needs what-so-ever.

Our donation was \$4000 with \$1000 going to each group. PHS was very appreciative and thankful for your generosity.
